EDUCATIONAL BACKGROUND

Degrees

Zhejiang University (C9 League)

Hangzhou, CN

Doctor of Management, Public Administration

Sept. 2025 - Present

- **Advisor:** Zhongsheng Wu

Xiamen University (Project 985)

Xiamen, CN

Master of Management, Administration Management

Sept. 2022 - Jun. 2025

- **GPA:** 3.78/4.0

- **Advisor:** Wenxuan Yu

Arizona State University

Tempe, AZ

Bachelor of Science, Public Service and Public Policy

Sept. 2018 - May 2022

- **GPA:** 4.0/4.0 **Summa Cum Laude**

Hainan University (Project 211)

Hainan, CN

Bachelor of Management, Public Administration

Sept. 2018 - Jun. 2022

- **GPA:** 3.78/4.0 **Ranking:** 2/53 **Dean's Honor List**

- **Advisor:** Haiying Lin

RESEARCH INTERESTS

Public and Nonprofit Management, Co-production, Behavioral Public Administration, Government Transparency, Artificial Intelligence Governance, Financial Management of State and Local Governments.

RESEARCH EXPERIENCE

Beijing “Youth Accompanying Silver Age” Mutual-Aid Elderly Care Project

Research Team Member (PI: Dr. Zhongsheng Wu) | Zhejiang University | Dec. 2025 - Present

- Participated in a randomized controlled trial (RCT) across 40 communities in Beijing, examining the effectiveness of an intergenerational mutual-aid elderly care program.
- Administered and analyzed the Volunteer Functions Inventory (VFI) scale to measure volunteer motivation and engagement outcomes across treatment and control groups.
- Conducted pre-test survey design, sampling, and power analysis to ensure methodological consistency between the main study and pilot assessments.

Brand Development Pathways for State Grid Public Welfare Projects

Research Team Member (PI: Dr. Zhongsheng Wu) | Zhejiang University, School of Public Affairs | Nov. 2025 - Jun. 2026

“Brand Development Pathways for State Grid Public Welfare Projects: A Case Study of State Grid Zhejiang Electric Power.”

- Conducted multi-case study research on 10 representative public welfare projects selected from 24 initiatives under State Grid Zhejiang Electric Power, covering service domains including electricity assistance, education, biodiversity conservation, and poverty alleviation.
- Employed qualitative methods including case study analysis, in-depth interviews, and focus groups to examine the transition from project-based operations to systematic brand development in state-owned enterprise public welfare.
- Analyzed common challenges including fragmented implementation, limited communication impact, and weak sustainability, and proposed pathways for brand-oriented transformation of corporate public welfare projects.

Proofreading Assistance for Academic Book Translation

Jan. 2024 - Jun. 2025

Research Assistant | Xiamen University

- Provided initial proofreading for Prof. Wenxuan Yu's Chinese translation of *How to Make an Entrepreneurial State: Why Innovation Needs Bureaucracy* (R. Kattel, W. Drechsler, and E. Karo; Yale University Press, 2022), winner of the 2023 George R. Terry Book Award of the Academy of Management (《打造创新型国家》, Gezhi Press, Nov. 2025).

Dongting Lake "10-Year Fishing Ban" Policy Research

Oct. 2023 - Oct. 2024

Core Member of the MPA Case Study Research Team | Excellent Case Report | Finalist, Top 20% - 8th China Graduate Public Management Case Competition | "The Lament of the Lake and the Comfort of Fishermen's Settlement: The Path to Transformation for Dongting Lake Fishermen Under the 'Ten-Year Fishing Ban' Policy"

- **Conducted field research** in Dongting Lake, surveying **150 fishermen** and interviewing **20 enforcement personnel** to examine the trajectory and challenges of the ten-year fishing ban.
- Analyzed decade-long fishing prohibition using **policy enforcement and emotional governance theories**, identifying key management strategies for Dongting Lake.
- Investigated the factors contributing to the successful withdrawal and transition of fishermen in Dongting Lake, offering valuable insights and a reference framework for the robust implementation of the government's stringent upper-level governance policies.

Digital Government and Megacity Governance Research

Sept. 2022 - Oct. 2024

Research Assistant in the Digital Governance Lab (Advisor: Wenxuan Yu) | Major Project of the National Social Science Fund of China (24&ZD189) "Research on the Social Impact and Governance of Algorithm Application in the Intelligent Era" (2024)

Overview: The project investigated five core areas of urban governance in China, including "Structure and Politics of Urban Governance," "Inclusive Governance," "Crisis Management," "Digital Governance," and "Agile Governance."

My Contributions:

- **Led comparative research** on megacity governance, assessing conditions and challenges in London, Tokyo, Singapore, and New York. Critically analyzed the applicability and value of governance models from these global hubs for enhancing urban governance in China and their implications for urban governance theory.
- Conducted a comprehensive review of 300+ studies on agile, inclusive, digital, and crisis governance.
- **Completed** the project proposal submission process.

Cross-Boundary Collaboration and Social Co-governance Research

2021 - 2022

Research Assistant in the Cross-Boundary Collaboration and Social Innovation Lab (Advisor: Haiying Lin) | Hainan Natural Science Foundation (720RC566) "Research on Building a Social Governance System of Co-construction, Co-governance, and Sharing" (2020-2023) | Major Project of the National Social Science Fund of China (20&ZD116) "Research on the Social Co-governance and Cross-border Cooperation Mechanism for Food Safety" (2020-2024)

Overview: Our research team, supported by two grants, unites experts from eight Hainan University colleges

and is investigating rural revitalization in the Hainan Free Trade Port. We focus on co-construction, co-governance, and sharing. Collaborating with Renmin University, Fudan University, and Tsinghua University's Shenzhen Branch, we plan to use our research to establish a pilot for rural revitalization in Hainan, covering ecological, cultural, social, and economic aspects.

My Contributions:

- Conducted a **literature review** on rural revitalization, with a specialized focus on innovative governance approaches.
- Undertook **on-site research** in He Le Town, Wanning, Hainan, to evaluate the existing rural governance structure. Developed surveys and constructed comprehensive data analysis frameworks to measure the effectiveness of co-construction, co-governance, and sharing mechanisms.
- Collaborated in the drafting of **research reports**, ensuring that findings from the evaluation were accurately represented and effectively communicated.
- Organized and facilitated **team meetings**, providing comprehensive updates on research progress and fostering a collaborative environment among team members.
- Contributed to the development of **policy recommendations** based on research insights, specifically targeting the enhancement of social governance systems and the promotion of cross-border cooperation for rural revitalization in Hainan.

Responsive Government Research

2021 - 2022

Research Team Leader | *"Satisfaction Evaluation of Government Responsive Governance of "Swift Response to Public Complaints": Taking the Haikou 12345 Municipal Government Hotline as an Example"*

Overview: This project focused on investigating the public service delivery of the Haikou 12345 government hotline in Hainan Province, the responsiveness of grassroots government, and the public's satisfaction with the government's response effectiveness.

My Contributions:

- **Established a robust theoretical framework** through an extensive literature review.
- Led a field investigation of the Haikou 12345 government hotline, conducting **in-depth interviews with 22 staff members**.
- Designed and implemented a random sampling survey among the public, successfully **collecting 339 valid questionnaires**.
- Employed statistical software **STATA and SPSS** to analyze and clean the collected data, ensuring the integrity and accuracy of the research findings.

Hainan Provincial University Student Innovation and Entrepreneurship Training Projects Jun. 2020 - Jun. 2021

Project Initiator and Core Member | *"Vitality Beverages: Merging Sweet Potatoes with Fruit Flavors"*

- Led the initiative to develop an innovative project, successfully securing **6,000 RMB** in provincial funding through a rigorous proposal process.
- Conducted in-depth market research by analyzing industry reports and academic literature to identify strategic opportunities for the expansion of sweet potato-based beverage products.
- Managed a comprehensive field study with **300 participants**, analyzing over **2,000 survey responses** to discern consumer behavior and preferences, providing critical insights that informed agricultural policy and resource allocation strategies.

Social Service and Elderly Care Research

Dec. 2019 – May 2021

Research Team Leader | *Second Prize in 2020 Map the System Competition, China Division (hosted by Oxford University); Third Prize in 17th "Challenge Cup" National College Students' Extracurricular Academic Science and Technology Contest* | *"Social Service Provision for Southbound "Migratory Birds": A Heartwarming Design for Elderly Migrants"*

Overview: The project sought to evaluate the satisfaction of elderly ‘migratory birds’ in Hainan with public service facilities and to investigate the future trajectory of migratory elderly care services.

My Contributions:

- Led comprehensive **field research in Haikou, Wenchang, and Sanya**, regions in Hainan, China with a high concentration of elderly migrants, to study the living conditions and service needs of this population.
- Developed and analyzed **450 survey questionnaires** to gauge satisfaction with public services and identify the unique needs and preferences of the elderly migrant population.
- Implemented data visualization strategies to effectively communicate research findings to stakeholders.
- **Conducted a case study of Sun City, Florida**, to compare successful models of elderly community services.
- Conceptualized an integrated elderly care model for smart communities, focusing on personalized and intelligent service delivery for the aging migrant population.

Social Capital and Civil Society Research

Oct. 2020 - Jan. 2021

Research Assistant (Advisor: Honglian Yang) | “*The Connotation and Testing Index of China’s Citizen Paradigm Rural Social Capital*”

- Conducted in-depth analysis of **rural self-governance**, compiling and evaluating case studies to quantify the impact of citizen development on rural communities.
- Assembled a comprehensive literature on rural social capital.
- Contributed to the enhancement of a National Social Science Fund project by providing translation and editorial support.

Field Research at Xidi and Hongcun (Yi County, Huangshan, Anhui, China)

Jun. 2020 - Sept. 2020

Team Leader | **Third Prize** in 9th University Student World Heritage Protection Proposal Competition | “*Proposal for the Development of the Peach Land of Dreams: Engaging Xidi Heritage through Active Participation and Immersive Experiences*”

- Led comprehensive **on-site research in Xidi and Hongcun, Yi County**, to investigate tourism management, World Heritage conservation practices, and local policies.
- Developed and executed a survey **collecting 500 responses** from visitors and local residents on heritage site management and visitor experiences.
- Integrated research findings into a cohesive proposal that advocates for the enhancement of the Xidi Heritage site through the promotion of active community participation and the implementation of AI-driven immersive interactions.

Summer Social Practice in Kunming and Xishuangbanna (Yunnan, China)

Jul. 2020 - Sept. 2020

Lead Participant and Key Contributor in the Social Practice Team | **Provincial Outstanding Social Practice Team**; **University’s Advanced Individual in Social Practice**; **College Outstanding Paper in Social Practice**

Overview: This project examined three areas: (1) the current state of ecotourism development along the Belt and Road, with an evaluation of the government’s initiatives for sustainable tourism; (2) trading-process issues in the Dounan Flower Market and responsive strategies aligned with local government policies; and (3) rural revitalization and ecotourism in Xishuangbanna, including revitalization strategies, poverty alleviation models, and sustainable development frameworks.

Key Contributions:

- Led and participated in project research, **conducting interviews with local leaders** and **authoring news reports** that were featured in multiple news outlets, significantly amplifying the project’s influence and reach.
- **Managed financial reporting**, enhancing project transparency and compliance.

Water Governance: Meishe River Comprehensive Management Project

Feb. 2019 - May 2019

Main Participants | **Third Prize** in 16th “Challenge Cup” National College Students’ Extracurricular Academic Science and Technology Contest | “*Evaluating the Impact of River Restoration Policies: A Case Study of the Meishe River in Haikou City*”

Overview: The project assessed the efficacy of measures to combat black water and odor in the Meishe River, scrutinizing government management strategies and gauging public satisfaction with environmental initiatives.

My Contributions:

- Reviewed and analyzed policy documents to capture comprehensive governance strategies for the Meishe River.
- **Conducted interviews with 8 senior government officials** to detail remediation actions and understand the complexities of river management and water governance.
- Designed and executed a public satisfaction survey, **gathering 300 responses** from community members to assess perceptions of government governance and river quality improvements.
- Interpreted survey data to evaluate public perceptions of the government’s environmental management efforts.

TEACHING EXPERIENCE

Teaching Assistant (TA) — Social Science Research Methods (UPA)

Zhejiang University, School of Public Affairs | Sept. 2026 – Present

Teaching Assistant (TA) — Social Organizations and Social Management (MPA)

Zhejiang University, School of Public Affairs | Mar. 2026 – Jun. 2026

- Assisted the course instructor in delivering MPA-level instruction on social organization theory, management frameworks, and their role in public governance and service delivery.
- Supported course material preparation, student consultation, and assessment workflows.
- Co-led a field study trip to the Changxing Modern Social Organization and Social Governance Innovation Center (Huzhou, Zhejiang).

HONORS AND AWARDS

Paper-Related

Excellent Case Report (8th China Graduate Public Management Case Competition)	2024
Outstanding Research Paper Award, Digital Era Public Governance Innovation Academic Forum & 8th Public Management Graduate Student Academic Conference	2023
College Outstanding Paper in Social Practice	2020
-An honor awarded to top case reports among graduate teams nationwide	

Merit-Related

University Graduate Fellowship	2022-2025
Summa Cum Laude	2022
Dean’s Scholarship	2022
Dean’s List	2018-2020
First-class Comprehensive Scholarship (1 person per academic year)	2019-2020
Third-class Comprehensive Scholarship (top 4% of the entire grade cohort)	2018-2019

Service-Related

Outstanding Contribution Award for Innovation & Entrepreneurship	2021
Outstanding Volunteer Service	2020
Provincial Outstanding Social Practice Team	2020
University’s Advanced Individual in Social Practice	2020

EXTRACURRICULAR EXPERIENCE

Class President	2024
Volunteer, Xiamen University Volunteers Association	Apr. 2023 - Present
Member, Student Union, Hainan University	2018 - 2021
Member, Comprehensive Department, Independent Management Committee, Hainan University	2018 - 2020
Deputy Minister, Practice Department, College Youth League Committee	2019 - 2021
Volunteer, Youth Volunteers Association, Haikou City, Hainan Province	May 2019 - Jan. 2020
Volunteer, Youth Volunteers Association, Hainan University	Mar. 2019 - Mar. 2020
Volunteer, High School Sunshine Volunteer Federation	Oct. 2016 - Jun. 2018

REVIEWING ACTIVITIES

Economics of Innovation and New Technology (2025, 1 review)

OTHERS

Skills: Stata, SPSS, R, Python, QGIS, and ArcGIS; Office (Word, Excel, and PowerPoint); Adobe (PS, LR, AU, and PR)

Course Certificates:

Online Non-Credit Courses:

Linear Regression and Modeling, authorized by Duke University
Introduction to Probability and Data with R, authorized by Duke University
Inferential Statistics, authorized by Duke University
Programming for Everybody (Getting Started with Python), authorized by University of Michigan
Python Data Structures, authorized by University of Michigan
Exploratory Data Analysis for the Public Sector with ggplot, authorized by University of Michigan
Logic for Economists, authorized by University of Amsterdam
Topics in Applied Econometrics, authorized by Queen Mary University of London
Economics of Money and Banking, authorized by Columbia University
Fundamentals of GIS, authorized by University of California, Davis
GIS Data Formats, Design and Quality, authorized by University of California, Davis
Big Data Modeling and Management Systems, authorized by University of California San Diego
Introduction to Environmental Law and Policy, authorized by the University of North Carolina at Chapel Hill
Global Energy and Climate Policy, authorized by University of London & SOAS University of London
Environment, Climate Change and Health (ECH) for Practitioners and Actors Guiding Policy Change, issued by OpenWHO.org, an online learning initiative of the WHO Health Emergencies Programme

On-Campus Additional Courses:

Financial Training Camp, authorized by the CPA/FRM/CFA Program at Hainan University in collaboration with ZBG EDUCATION
Girls Coding Day, authorized by GIRLS CODING DAY at Hainan University

Other Certificates: National Mandarin Proficiency Test Certificate (1B-Level), Chinese Teacher Qualification Certificate (for teaching Junior High School English)

Languages: Mandarin (Native); English (Proficient); German (Beginner)
